## Work experience

### Mern Stack Developer
Feb 2022 - May,2022

Key role in NovaX eCommerce platform development using React and Express.js, ensuring seamless user experience. Collaborated with cross-functional teams for feature-rich, visually appealing online shopping within a 3-month deadline.

### Mern Stack Developer
Jul, 2022 - Sep, 2022

Directed MERN stack development for the NovaX College Application Platform, ensuring seamless user interaction. Achieved key milestones in 3 months, including robust user authentication, efficient form submissions, and real-time updates. Optimized data flow and improved the user interface using React's state management.

### Mern Stack Developer and React Mentor
Oct, 2022 - Sep, 2023

As a MERN Stack Developer and React Mentor at MMSIT Solutions, I led the creation of cutting-edge web solutions. Harnessing expertise in React.js and the MERN stack, I developed robust and efficient applications. Simultaneously, I served as a mentor, providing guidance to team members, overseeing projects, maintaining code quality, and fostering a collaborative and growth-oriented development environment.

## Education

First Year History(East Of Yangon)
